(3) Existing law requires a participating county, in consultation with the appropriate state departments, as designated by the Secretary of the California Health and Human Services Agency, to prepare an interim evaluation not later than 6 months following the 3rd year of the implementation of the program and a final evaluation not later than July 1, 2008, and submit them to the Governor or the Governor's designee and the appropriate policy committees of the Legislature.

This bill would require a participating county to evaluate its program with the participation of the appropriate state departments, prepare an evaluation, submit it to the Governor or the Governor's designee and the appropriate policy committees of the Legislature not later than 6 months following the 3rd year of the implementation of the program, and seek private funding to provide for the evaluation.
